Web Pick:

What is NOT assistive technology?

From Inside Networks:

“Recently on a listserv (Quality Indicators for Assistive Technology – www.qiat.org), a question was posed which caught my eye, ‘What is and what is not assistive technology?’

“WHOA! That could be a pretty heavy question...!

“At Networks we think everything is assistive technology (AT) and are always looking and exploring different, new, and creative AT, accommodations and adaptations.”
